

1. The first part of the document is a list of names and addresses of the persons who have been interviewed.

2. The second part of the document is a list of the questions asked of the interviewees.

3. The third part of the document is a list of the answers given by the interviewees.

4. The fourth part of the document is a list of the questions asked of the interviewees.

5. The fifth part of the document is a list of the answers given by the interviewees.

6. The sixth part of the document is a list of the questions asked of the interviewees.

7. The seventh part of the document is a list of the answers given by the interviewees.

8. The eighth part of the document is a list of the questions asked of the interviewees.

9. The ninth part of the document is a list of the answers given by the interviewees.

10. The tenth part of the document is a list of the questions asked of the interviewees.

11. The eleventh part of the document is a list of the answers given by the interviewees.

12. The twelfth part of the document is a list of the questions asked of the interviewees.

13. The thirteenth part of the document is a list of the answers given by the interviewees.

14. The fourteenth part of the document is a list of the questions asked of the interviewees.

15. The fifteenth part of the document is a list of the answers given by the interviewees.

16. The sixteenth part of the document is a list of the questions asked of the interviewees.

17. The seventeenth part of the document is a list of the answers given by the interviewees.

18. The eighteenth part of the document is a list of the questions asked of the interviewees.

19. The nineteenth part of the document is a list of the answers given by the interviewees.

20. The twentieth part of the document is a list of the questions asked of the interviewees.

21. The twentieth part of the document is a list of the answers given by the interviewees.

22. The twenty-first part of the document is a list of the questions asked of the interviewees.

23. The twenty-second part of the document is a list of the answers given by the interviewees.

24. The twenty-second part of the document is a list of the questions asked of the interviewees.

25. The twenty-third part of the document is a list of the answers given by the interviewees.

26. The twenty-third part of the document is a list of the questions asked of the interviewees.

27. The twenty-fourth part of the document is a list of the answers given by the interviewees.

28. The twenty-fourth part of the document is a list of the questions asked of the interviewees.

20. *Chlorophyll *a** and *Chlorophyll *b** were determined by the method of Lichtenthaler (1987). The total carotenoids were determined by the method of Arar and Johnson (1999). The total phenolics were determined by the method of Singleton and Rossi (1965). The total soluble sugars were determined by the method of Dubois et al. (1956). The total protein was determined by the method of Bradford (1976). The activities of the enzymes were determined by the methods of Bergmeyer (1984).

the 1990s, the number of people in the world who are illiterate has increased from 1.2 billion to 1.5 billion. The number of illiterate people in the world is expected to increase to 1.7 billion by the year 2015. The number of illiterate people in the world is expected to increase to 1.7 billion by the year 2015. The number of illiterate people in the world is expected to increase to 1.7 billion by the year 2015.

Figure 1. The effect of the concentration of the *Agrobacterium* suspension on the transformation efficiency of *Agrobacterium* strains. The *Agrobacterium* strains were grown in YEA medium for 24 h at 28 °C. The cell concentration of the strains was adjusted to 1.0 × 10<sup>8</sup> cells/ml. The cell suspension was then diluted to 10<sup>6</sup>, 10<sup>7</sup>, 10<sup>8</sup>, 10<sup>9</sup>, and 10<sup>10</sup> cells/ml. The cell suspension was then mixed with 100 µl of the plant cell suspension. The mixture was then incubated for 24 h at 28 °C. The transformation efficiency was determined by the number of transformants per 10<sup>6</sup> cells. The data are the mean ± SD of three independent experiments.
